

HARDING DOOMS WILSON REGIME ON MANY COUNTS

In Open Letter G.O.P. Nominée Exposes 'Grotesque Inefficiency' in Rule.

CHANGE ONLY REMEDY

Senator Willing to Lead People Out of Jungle of Mismanagement.

SLOGAN IS AMERICA FIRST

Present Administration Leads Nation Toward Another Industrial Crisis.

Special Despatch to THE NEW YORK HERALD.

MARION, Ohio, Oct. 24.—Senator Harding, in an open letter addressed to every man, woman and child in the United States, indicted the Federal Administration to-day for unpreparedness for war and for peace, for wretchedly mismanaging the people's business, for perverting government money to what would have been an intolerable to Jefferson and Cleveland as to Washington and Lincoln, and for bankruptcy of policies and plans. He said the appeal for the election of James M. Cox is an effort to continue in power the wasters, the autocrats and the meddlers, and challenged his opponent, in effect, to state his course clearly regarding the predominant issues of the campaign.

Senator Harding especially called attention of the people to the fact that the election of Cox would mean the continuation of the blockade against the League of Nations in its present form, and stated that the best hope of those that desire America to adopt a generous and humane foreign policy lies in his own election to the Presidency.

Clear Answer on Vital Issues.

The Senator's statement, addressed "To the American People," follows in full:

"I believe that the men and women of this country are entitled to receive from any political party seeking their support a clear answer upon the predominant issues which affect the future course of America.

"Beldom in the history of our country has there been such an avoidance of this duty upon the part of any candidate as has been evident among our opponents.

"The American people are satisfied that the conduct of our domestic affairs has been grossly mismanaged. They hunger for a constructive American policy. It has been my sense of obligation to treat with clarity and definition the Republican plan for putting our house in order.

"I call upon the Democratic party to answer the charge that its management of domestic affairs had brought us to the brink of an industrial crisis in 1914, from which only world war saved us, and is even now leading us toward another precipice.

"There has been no answer to the well known fact that they have cost America untold billions of dollars and the precious lives of our sons by unpreparedness for war persisted in for political expediency.

"They have made no answer to the charge that they were equally unprepared for peace and reconstruction.

"They have made no answer to the charge that their experiment with the American railways, their industrial policy and their maintaining in the Federal Government hundreds of thousands of unnecessary employees has cost the taxpayers of this country a fearful financial burden which our men and women, and even their children, will have to pay.

"They have made no answer to the charge that their rule has been one of grotesque inefficiency.

"They have made no answer to the charge that during the control which they now seek to perpetuate they have perverted the form of government of our Republic and overridden the purposes of our Constitution by maintaining extreme

Week of Speeches Will Cover Metropolitan Area and Suburbs.

After three weeks of campaigning in up State counties Nathan L. Miller, Republican nominee for Governor, arrived in New York city yesterday to begin to-day an intensive tour of the metropolitan area. Regarding conditions up State Judge Miller said:

"Unless all signs fail we will have a larger majority up State than we ever dreamed of, and that holds good also for the national ticket. The only visible sign of a Democratic fight up State is efforts of friends in behalf of Gov. Smith. It appears that many of Gov. Smith's friends will vote for Harding instead of Cox. The State ticket will get the full Republican vote up State."

Judge Miller expects to talk largely on local conditions in New York city this week. He said he might take up the building ring if he can sufficiently acquaint himself with what the investigation has disclosed while he has been campaigning up State.

The Republican nominee's speaking dates will begin this afternoon, when he will address a meeting under the auspices of the women's committee of the Republican State Committee in the Vanderbilt Hotel at 3 o'clock. This meeting will be preceded by a luncheon, at which Mrs. Miller will be the guest of honor. Judge Miller, accompanied by Francis M. Fitzgerald, Secretary of State, will speak twice in Brooklyn tonight—in New Palace Hall, Driggs avenue and Eckford street, and in Arcadia Hall, Halsey street, near Broadway.

The luncheon to Mrs. Miller will be a feature of "Miller Day," as to-day has been designated by the Republican women of New York city. Among other speakers at the luncheon will be John J. Lyons, Republican candidate for Secretary of State.

Coincident with Judge Miller's speaking tour of the city the New York Young Republican Club will conduct a whirlwind campaign in his behalf throughout the week. Motor trucks manned with speakers will tour the city noon and night. The Sapporocian Social Club of the First Assembly district, which put up a stiff fight for the election of Gov. Smith last time, has announced its support of Judge Miller and will hold its first meeting in his behalf to-day.

To-morrow morning Judge Miller speaks first as a woman's meeting in the Hotel Plaza at 11:30 o'clock. From there he goes to the Casino Theatre to speak at noon, and speaks again in the Knickerbocker Theatre at 1:30. He will pass the afternoon in Westchester county, speaking in White Plains at 5 o'clock, New Rochelle at 7:30, Mount Vernon at 8:15 and Yonkers at 9.

On Wednesday Judge Miller speaks in Nyack at 1 o'clock and has four meetings in Queens county in the evening.

Nine meetings for him have been scheduled in Manhattan on Thursday, when he and Senator James W. Wadsworth will precede Gov. Coolidge in Carnegie Hall. On Friday Judge Miller will speak in the afternoon in Rye and county and will make three speeches in Brooklyn that night. He speaks Saturday afternoon in Manhattan and delivers four addresses in the Bronx Saturday night.

THE Window Sill Ice Chest versus Knickerbocker Ice

You wouldn't keep a maid who swept dust under the beds. Then why keep perishable foods on the window sill? You breathe the dangers of one and eat the dangers of the other. Perishable foods should be safeguarded in winter as in summer, and the ice box with Knickerbocker Ice Insurance is the perfect "Safe" Deposit Box for food.

Knickerbocker Ice Insurance is ice enough to maintain the safe temperature in your ice chest whatever the outside temperature. You need less ice in winter, but the need is just as vital.

6 to 5 Offered Harding Will Win in Missouri

Special Despatch to THE NEW YORK HERALD.

ST. LOUIS, October 24.—Bet-ting odds quoted here on the election in Missouri follow:

That Harding wins . . . 6 to 5
That Harding carries Missouri by 15,000 . . . even
That Spencer (R.) wins Senatorship . . . even
That Atkinson (D.) wins Governorship . . . even
That Democrats will carry nine out of sixteen Congressional districts . . . even
That Cox will carry Jackson county (Kansas City) by 20,000 . . . even
That Harding will carry St. Louis by 50,000 . . . even
Many bets are being placed.

and undemocratic centralization of Executive power which would have been an offence to Thomas Jefferson and to Grover Cleveland as much as it would have been to Washington, Lincoln and Roosevelt.

Sets Up Constructive Policy.

"I have spent this campaign in setting forth a constructive Republican policy. I have demanded the restoration of the Constitutional Government of a representative democracy which shall represent the will of the people flowing up from the people, rather than the will of one-man government descending toward the people.

"I have stood for more business in government and less government in business. I have demanded a reorganization of administrative government, so that it shall become a source of pride to the American people of efficiency and will remove the drain from the taxpayers.

"I have set forth a plan for the conservation of our human resources and one for the development of our material resources. I have suggested means for the protection of motherhood and childhood and for the alleviation of human suffering at home, here in America. I have discussed in detail a policy of reclamation, irrigation and development of natural resources, and I have stated clearly a plan for the wholesome expansion of our foreign trade and for the protection of our industries and for the upbuilding and safeguarding of our agriculture and for a merchant marine.

"As to our foreign policy and America's full expectation of becoming a member of a wise association of nations, with the preservation of our own independence and national spirit, I have given a conscientious and practical proposal.

"I have stated that I am wholly against the proposal to approve our membership in the League of Nations as our opponents insist that it shall be written. Even in the hands of our opponents that programme is impossible. Even were our opponents to be elected it would result in a hopeless blockade as a sequel to the one which the President of the United States has carried on since the peace treaty was submitted to the representatives of the people for approval.

"I have endeavored to serve in this campaign, not merely to be elected, but to set before the American people, sincerely and clearly, a definite policy for the administration of the United States to bring our people out of the jungle of mismanagement and into the light of a stable good fortune. I have endeavored to serve by doing what I could to harmonize public opinion and unite America behind a foreign policy which shall be wise, generous and humane, though it refuses to mortgage America to the Old World.

"We do not know what our opponents stand for. I stand for a united America, a humane America, an efficient America, America first."

75,000 WILL MARCH IN HARDING PARADE

Forty-seven Trades and Professions to Be Represented in Night Demonstration.

COOLIDGE TO REVIEW IT

Business Men's Republican Association Expects to Outdo All Previous Efforts.

Plans for the Harding and Coolidge night parade which will be held in New York next Thursday night have practically been completed, and it is expected that more than 75,000 voters will be in line, representing more than forty-seven trades and professions. The various divisions will march from their assembly points to Madison Square, and from there they will swing into Fifth avenue. Governor Coolidge, the Republican nominee for Vice-President, will review the parade from a stand in front of the Union League Club at Fifth avenue and Thirty-ninth street.

The parade will be under the direction of the Business Men's Republican Association, with Charles H. Sherrill as Grand Marshal. It is expected that it will be one of the largest political parades ever seen in New York, as great interest has been taken in it in various trades and professions, and in many of them contests have begun to see what trade can turn out the greatest number of marchers. Each trade will march as a unit and will be commanded by a marshal.

The orders for the formation of the parade sent out by Mr. Sherrill divide the parade territory into the south, southwest, southeast, northwest and northeast sectors, commanded respectively by George W. Bureleigh, John J. Byrne, Alfred W. Wendt, DeWitt Clinton Falls and one to be named. In the south sector will assemble the dry goods trade, the knit goods trade, horse clothing and saddlery, boot and shoe trade, shoe manufacturers, hide and leather division, steam, water and gas supply association, hardware, metals and allied trades. In the southwest sector will be the clothing trade, corsets, hat, cap and allied trades, sporting goods, retail dry goods, wholesale millinery, insurance. In the southwest sector, silks, lace and embroideries, haberdashers, needle trades, braids, woollens and worsteds, tailors, carpet trade, upholstery trade, furniture, certified accountants, architects, paper trade and advertising men.

In the northwest sector will be the jewellers, publishers, real estate, drug, paint, oil, chemical and allied trades, pianos, bankers and brokers, lawyers, engineers, exporters, Music Publishers' Association. In the northeast sector, railway transportation, college men and women, Harvard Association, Yale Association, Princeton Association. In this sector also will be voters from the following colleges and universities: Columbia, Pennsylvania, Williams, Amherst, Brown, Rutgers, Dartmouth, Bowdoin, Colby, Maine, Vermont, Hamilton, Cornell, Syracuse, Union, Rochester, Massachusetts Institute of Technology, Stevens, Johns Hopkins, Lehigh, College of the City of New York, New York University, Virginia, Colgate, Rensselaer Polytechnic Institute, Lafayette, Wesleyan, Fordham, Ohio College, Wisconsin, Minnesota, Illinois, Missouri, Nebraska and others.

F. D. ROOSEVELT APPEALS.

Franklin D. Roosevelt issued a statement from his home at Hyde Park last night appealing to all newspapers in the State to publish without partisan interpretation the full covenant of the League of Nations in order to make "the solemn referendum of November 2 a fair proposition." Mr. Roosevelt said he believed many thousands of voters in the State who wish to read the covenant have been unable to get copies or to find the covenant printed in their newspapers.

It is admitted here that the league is being financed by Lloyd's London bank, which has accepted without question its overdrafts, but it is claimed that the league's financial scheme will be changed as soon as it is installed in Geneva, as there has been much criticism of the present system, which is likely to increase the feeling that the British position is dominating the league's activities and decisions.

ARMENIA TOO MUCH FOR LEAGUE COUNCIL

Unable to Accept Mandate; Vilna Mission Back.

BRUSSELS, Oct. 24.—The Council of the League of Nations decided to refer back to the Supreme Council of the Allied Powers the question of Armenia, it being unable to accept a mandate for the country. The council decided, however, to accept the guardianship of minorities in the territories transferred under the Austrian and Bulgarian treaties.

The League of Nations military mission that went to Vilna after its occupation by Gen. Zeligowski's troops, has reached Brussels and was heard by the council in special session to-day.

It is expected the council will soon discuss the report of Tommaso Tittoni, former Italian Foreign Minister, in which warning is given against the dangers of inequitable distribution of raw materials.

REMARKABLE CLIMB OF
THE NEW YORK HERALD

PASSES WORLD, AMERICAN AND TRIBUNE
IN TOTAL DISPLAY ADVERTISING

Since Consolidation of The Sun and The New York Herald, the Resultant "Greater Newspaper" Assumes Dominant Position in Advertising Field.

The merging of two of New York's great morning newspapers into The New York Herald pretty nearly turned the newspaper situation in New York City down-side up.

The national motto that "In Union There Is Strength" was again demonstrated.

Advertisers at once recognized in The New York Herald a newspaper with a "quality circulation in quantity" which they deemed more desirable than a quality circulation in small volume or a quantity circulation without a dominance of quality.

The story of how they quickly availed themselves of this new, great advertising opportunity—how the trend of their advertising turned sharply to the columns of The New York Herald—is graphically shown by the following chart:

In Total Display Advertising is included all displayed advertisements printed in these newspapers—those of Department Stores, Specialty Shops, Clothing, Jewelry, Financial, Automobiles, Resorts, Hotels and Travel, Real Estate, etc., coming from whatsoever source.

It comprises all so-called "foreign" or "national" advertising coming from manufacturers, distributors, advertising agencies, etc., at home and abroad, which means that The New York Herald's prestige as a dominant publicity factor in the congested Eastern centre of population is recognized the country over.

If you have merchandise for sale, services to render, a trade marked article to popularize, you, too, should arrange for advertising space in The New York Herald and profit by the vast purchasing power of its prosperous, money-spending readers.

February 1, 1920, "The Sun" and "The New York Herald" were amalgamated and published under the name of "The Sun and New York Herald." October 1, 1920, name changed to THE NEW YORK HERALD.

MOTOR GASOLINE

Every Gallon the Same

It is not an easy task to keep the great city of New York constantly supplied with its full requirement of gasoline.

Its thousands of motor cars and trucks consume an enormous quantity of fuel and oil every day. Socony service furnishes a large part of it. The Socony sign is a common sight from the outskirts of Brooklyn to Van Cortlandt Park.

Socony products are uniform. The most improved refining methods assure their dependability.

Socony is a straight-refinery gasoline with a low boiling-point that insures easy starting and complete combustion. It burns clean. Socony in your tank is a promise of maximum power and mileage from your motor.

Use Socony products regularly. You can get them in Manhattan and from the Maine coast to Lake Erie. Look for the red, white and blue Socony sign.

ARMENIA TOO MUCH FOR LEAGUE COUNCIL

Unable to Accept Mandate; Vilna Mission Back.

BRUSSELS, Oct. 24.—The Council of the League of Nations decided to refer back to the Supreme Council of the Allied Powers the question of Armenia, it being unable to accept a mandate for the country. The council decided, however, to accept the guardianship of minorities in the territories transferred under the Austrian and Bulgarian treaties.

The League of Nations military mission that went to Vilna after its occupation by Gen. Zeligowski's troops, has reached Brussels and was heard by the council in special session to-day.

It is expected the council will soon discuss the report of Tommaso Tittoni, former Italian Foreign Minister, in which warning is given against the dangers of inequitable distribution of raw materials.
